Areas of Activities

Machine industry (engineering, metal processing etc.)

Supplier Industry (plastic, automotive, electronics)

Offer & Request

Offering products, services and free capacities

- Surface treatment equipment: pre-treatment lines before painting; degreasing, iron or zinc phosphating galvanic

lines (dipping or spray tunnel type), alkaline or acidic automatic Zn lines, mixed lines (Cu-Ni, Cu-Ni-Cr), combined Cu-Ni-Sn line, chemical Sn, finishing, oxidizing, ZnNi lines, KTL painting equipment

- Industrial waste water treating equipment: manual or automatic, sequential or continuous operation
- Equipment for environmental protection: designing, manufacturing and installing ventilation systems
- Refurbishing and modernization of aged, out of date galvanic equipment
- Building automatic PLC controlled hoists for galvanic lines

Cooperation Offered

1. Technical co-operation
2. Manufacturing agreement

Cooperation Requested

1. Sales / Distribution
