

To whom it may concern

Milestone Management KFT. Is a sub contract manufacturer of high tensile carbon steel fabrications whose activities include CNC profile cutting, assembly, welding, machining and painting.

We are looking to fill our capacity for the fourth quarter of 2016 and are able to offer the following free minimum capacity.

Profiling: 250 Tonne per month.

Assembly: 160 hours per week

Welding: 400 hours per week.

We have a number of local manufacturers who currently supply laser cut and plasma cut items for those piece parts under 15mm.

Location

Milestone Management Kft is a privately owned company located in south western Hungary in the former mining town of Várpalota, 150 km from Hungary's western border with Austria.

Facility

The workshop covers an area of **4000 m²** and is split into two equal workshops.

The preparation shop is 100 m long x 20 m wide with an internal height of workshop 5 meters with 4 meters working height under three five tonne capacity bridge cranes.

The assembly and welding shop is 80 m long * 25 m wide with an internal height of 10 meters with 7 meters working height under three sixteen tonne capacity overhead bridge cranes.

Preparation and Finishing

Oxygen – Propane CNC profile cutting 10mm through to 150mm. Twin head CNC cutter capable of profiling materials 5 meters wide x 10 meters length.

Shot and sandblasting to customer requirements.

Painting Cabin, 8 meters wide x 8 meters long serviced by 16 tonne overhead bridge crane.

Capacity

10 off 600 amp ESAB welding machines giving a total welding capacity of 1200 Hrs per week.

4 off 500 amp ESAB welding machines giving a total assembly capacity of 480 Hrs per week. All assembly bays are equipped with 4 meter x 1 Tonne swing jib cranes.

1 off NC horizontal boring machine X=1500 Y = 750 Z = 600

If our capacities match with your manufacturing requirements please do not hesitate to contact me directly.

Your Sincerely:

Neal Weightman
